WORK EXPERIENCE & PERSONAL PROJECT

College Project (Water Level Indicator)

Sanjivani College Of Engineering

02/2021 - 06/2021

Ahmednagar

In this Project , I have designed a system called Water Level Indicator using Breadboard, Buzzer, LED's , Transistors, Resistors and Power Supply, where the buzzer sounds when the water crosses the maximum level marked with sensors

Final Year Project (Voice Activated Home Automation system For Bedridden Patients)

Sanjivani College Of Engineering

08/2022 - 06/2023

Ahmednagar

This project can make life easier for bedridden patients and older people as their voice command (Bluetooth Module) can trigger the control section that **adjusts their Bed's position**. It control appliances like **lights , alarms , fan , A/C** based on the command.
